

Welcome to Saskatoon Stamp Centre's Christmas Catalogue #622. This catalogue is composed entirely of Christmas Stamps of Canada starting with the 1898 Map stamp, jumping forward to 1964 and continuing on through to 2015. Many of the stamps in this catalogue come from the Peters' Christmas collection we purchased this year. We added these to our existing stock of Christmas stamps to bring you this festive holiday list. A selection of Philatelic literature titles are listed on pages 14 and 15, including a plating study of the 1898 Xmas Map Stamp.

In the Early Classic era, there are only Scott #85 and #86 Map Stamps, also named Imperial Penny Postage. These lovely 2¢ stamps were issued in 1898 with the Official First Day being December 25. They have "XMAS 1898" printed below a map of the world highlighting the holdings of the British Empire. Our front cover pictures the largest Official First Day multiple which includes both #85 and #86, all cancelled on December 25, 1898, definitely a showpiece! We have also listed a Mulready type First Day Cover with a #86 as well as an imperforate #85 pair, and a couple more singles and pairs of the Map Stamps.

The majority of stamps in this list are Modern Errors and Varieties including imperforates, tagging errors, pre-printing creases, as well as dramatic colour and perforation errors. The 1971 6¢ Snowflake Fold-overs, like the two pictured on the back cover, are exceptional errors which would be outstanding additions to your collection. Stamps missing colours, such as #503a and 774a, both missing black, as well as #841a missing gold are also dramatic eye pleasing errors sure to enhance your collection.

Christmas stamps are a great topic for a collection and are a joy to share with collectors, and non-collectors alike. No matter which holiday you celebrate at this time of year, we wish you all the best during this season of joy and fellowship. We hope you enjoy this Christmas list.
