

Hello and welcome to Saskatoon Stamp Centre's Catalogue #625. We have put together a great selection of stamps for you to choose from including rare Jubilee multiples, striking modern errors, and stamps and proofs from a collection of Officially Sealed stamps of Canada and Newfoundland we recently purchased. A lovely and rare 50¢ Bluenose Die Proof is listed among a few Bluenose and \$1 Parliament stamps of the Scroll Issue. We've also listed several notable modern rarities including a 4¢ Violet Karsh Issue Imperforate top margin error in an Imprint corner block of 4, \$1.50 Waterton Lakes Missing Black, 74¢ Wapiti on Rolland paper in an upper left blank corner block of 4, and the Unique upper right imprint block of the 4¢ Red Third issue Postage Due Printed on gummed side. Autographed hockey stamps are popular and we have included 8 of them here. We are also offering a collection of Dominion Express Franks, a beautiful British Columbia #1, and a 1921 Halifax Airmail block of 9 showing all 6 different types of overprint. Plus we have a little feature on page 27 as we look for a new home for the most recently discovered Seaway Invert on postcard. Which treasures suit your collection?

Remember that interest-free monthly terms are available should you want to make a larger purchase and spread the payments out over time; just ask when you place your order. Our Grading Standards - Consistency is the Key

Very Fine

SUPERB: Never abbreviated and rarely used. Absolutely perfect in all respects. Perfectly centered, fresh original colour, an exceptional and UNIMPROVABLE stamp. The finest quality that exists.

EXTREMELY FINE (XF): An extremely well centered stamp, fresh as the day it was printed, and free of any detracting flaws (whether natural occurrence or not). A stamp that would rate SUPERB to almost any collector or dealer. A finer example MAY exist - but we doubt it.

Fine

VERY FINE (VF): Perforate and imperforate issues, well-centered between balanced margins. Unless otherwise noted, the gum will be as issued and the cancellation, if used, will be light and clear. Any defects and hidden faults will be noted in the description.

FINE (F): Perforations, or margins on imperforate issues, will be clear of the design on all sides. The gum will be as issued unless otherwise noted. If used, the cancellation will be light to medium. The description will list any defects or hidden faults.

Very Good

VERY GOOD (VG): Perforations, or margins on imperforate issues, may cut the design on one side. The gum may be slightly disturbed, and the stamp may not have all of its original freshness. If used, the cancellation may be medium to heavy and indistinct. The description will list any defects or hidden faults.

SPLIT GRADE: eg. F-VF - We use for a stamp that is very close to VF centering (many would call it VF), but we feel that although it is much nicer than just a fine, it is not quite a VF. A very nice stamp that will satisfy most collectors.

GUM & HINGES

MINT: Original gum, with or without hinge.
NH: Never hinged. Unused with original gum in "Post Office" state and unmounted.
LH: Lightly hinged, that is, unused with full original gum showing some evidence of a previous hinge.

OG: Unused with original gum somewhat disturbed by previous hinging which may still be present.

PART OG: Unused with some original gum.

UNGUMMED: Unused, issued without gum.

UNUSED: Not cancelled, no gum (N.G.).
