

Welcome to Saskatoon Stamp Centre's Christmas Catalogue 635. This first list of 2021 includes several Sheets of stamps which are difficult to picture here properly. If you are interested in purchasing one of the listed sheets and would like to see a photo, just let us know and we can email/mail a photo to you. This catalogue also contains several Fakes and Forgeries, (which are all pictured). These are great if you are building a forgery collection, or also as a space filler for a stamp that is difficult to obtain. Fakes and Forgeries add a bit of mystery and breadth to the story of a stamp or stamp issue.

This list also has a number of Die Proofs. Most notably, an 1897 Jubilee full set of 16, a Quebec Tercentenary full set of 8, and die proofs of the original 4 values of the 1935 Postage Dues. If you are looking for something to enhance your collection, proof material has it all-- beauty, rarity, and philatelic significance. Some of Canada's most beautiful stamps are the Die Proofs prepared by the printers during the process of designing and preparing the printing plates. All are prepared with great care and show the very finest examples of the printer's work. After all, it is these proofs that are shown to the Post Office officials to obtain their approval of the designs, colours and quality of the impressions before printing can begin. Die proofs show a single impression of the stamp, usually printed on india paper mounted on a card backing for strength. It was normal practice to take 6 to 12 impressions when preparing a die proof for approval. If the engraver took a proof to check his progress he would likely take only a single impression. Thus ALL die proofs are exceptionally rare with many being unique. A "common" die proof is one where 10 to 12 are known. Because of their extreme rarity die proofs are quite expensive but many beautiful examples can be purchased for as little as a few hundred dollars.

We are also offering a few imperforate sets such as the 1928 Scroll issue in imperforate pairs, 1932 Medallion imperforate sheet margin pairs, 1938 Pictorial set of 6 imperforate sheet margin pairs, and War issue sets of Imperforate pairs and Imperforate sheet margin blocks of 4. Many other errors and varieties, both early and modern, are offered here for your growing collections.

We hope you enjoy this Catalogue and wish all of you a safe, healthy and happy 2021.
